October 23rd 2009

Dear Mr. Barnes

I have received the BST and BST-R review of the Marine Institute courses undertaken as part of CAPP Standard Practice for the Training and Qualifications of Personnel Safety Training Quality Review.

I can advise that, in the spirit of the intent of this review, i.e. to identify best practices and to improve consistency in course content and delivery, I am happy to share this information with other members of the Training and Qualifications Committee.

I would like to suggest that it would be useful to convene a workshop involving stakeholders at which the various recommendations could be fully discussed and agreement reached on best practice.

Yours Sincerely

A handwritten signature in blue ink, appearing to be 'RRP', written over a horizontal line.

Robert Rutherford P.Eng

Director Offshore Safety and Survival Centre
